Broadway Los Angeles, CA |

Introduction

The team made a presentation to the Downtown Los Angeles Neighborhood Council to introduce the proposed 6th St. Bridge project. The meeting began with an introduction of the team members, followed with a brief power point presentation on project presented by Mr. Jeff Bingham. Jeff Bingham explained that a community advisory committee is being formed to obtain community input. He also pointed out how the community advisory committee group will aid in addressing the public's concerns.

Meeting

We were agenda item number 8 as a presentation only. Jeff Bingham made a power point presentation.

Questions Asked

- What do you consider a major earthquake?
- Why not rebuild the same bridge?

No further questions were allowed to be asked due to time constraints.
